

Ideal for:

Warehouse

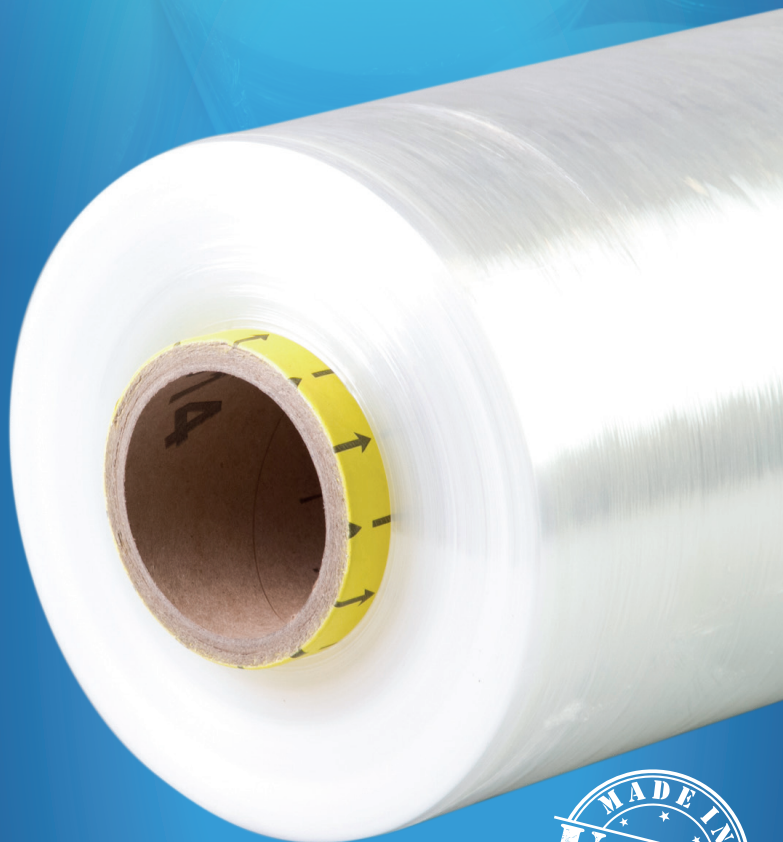

Industrial

Construction

- **Load Containment** 
- **ESR / Green Score** 
- **Elongation** 
- **Cling** 
- **Optics** 

Benefits

- Lowest Cost Per Wrapped Load
- Remarkable Load Containment
- Highest Environmental Source Reduction

Features

- Created for High Speed Equipment
- Up to 300% Pre-Stretch
- Superior Optics

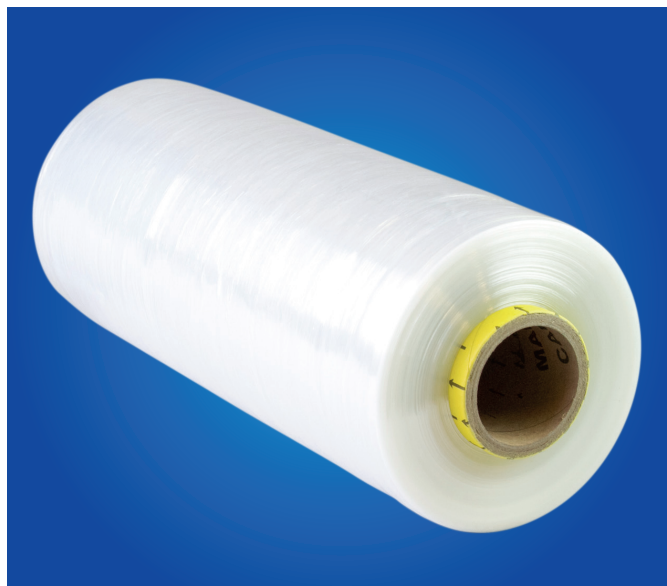

SteelFlex

Steelflex Elevation

Every one states they have good puncture, high holding force and excellent elongation. These are bland and overused generic marketing terms.

Look beyond the words and cheap talk. Elevate your expectations and elevate your performance to where no film has ever gone before:

Most of our competitors accept mediocrity. We don't and neither should you. Good isn't good enough anymore.
